

TEACHING STUDENTS WITH ADHD

Join this short course to learn about students with ADHD and how to help them.

 **Mode of Study:**
>Virtual Campus

 **Duration:**
6 hours

ABOUT THE COURSE

Learn practical strategies for helping children with attention deficit hyperactivity disorder (ADHD) succeed in school. The course aims to help teachers discover practical ways to help children with ADHD control their behaviour. It is also designed to equip with teaching strategies and approaches for pupils with ADHD.

WHO IS THE COURSE FOR?

This course is for both novice and experienced teachers, beginning special education teachers, shadow teachers, teacher assistants, and supporting staff in schools.

COURSE OUTLINE:

Session 1 - Induction to ADHD:

- Definition / What ADHD is
- Typical ADHD symptoms
- Identifying ADHD students in my class

Session 2 - Challenges in teaching ADHD students:

- Brainstorming the challenges in teaching ADHD students
- Categorizing them
- Identifying the successful components in teaching ADHD students

Session 3 - Analysis of key components in teaching ADHD:

- Academic instruction
- Behavioral Intervention
- Classroom Accommodation

ADDITIONAL INFORMATION

All workshops/sessions include interactive tasks with the participants (either as a whole group or in breakout rooms), working on case studies and scenarios, provision of extra tasks and material for further study.
