LEARNING OUTCOMES

Learning outcomes include:

- Apply different methodological approaches and procedures employed in rendering a text into another language.
- Be aware of problems of non-equivalence in translation.
- Practically apply the principles and techniques of translation.
- Translate specialised texts by applying professional, nationally-accepted standards of translation using authentic materials.
- Gain sufficient knowledge to acquire localisation skills through exposure to a variety of topics.
- Identify errors and criticise translated texts through the application of contrastive analysis techniques.
- Bridge the gap between different languages and cultures.
- Translate different types of texts orally.
