

# NHC DIPLOMA IN TEACHING METHODOLOGY

The art of effective teaching.

## ABOUT THE COURSE

Throughout your study, you will deepen your knowledge of how to handle students more effectively, how to enthuse them and how to keep them committed to their studies.

The course content is drawn from Educational Testing Service Praxis II Standards and INTASK studies of what pre-service teachers should know and be able to do, and National Board for Professional Teaching Standards of what competent experienced teachers are like.

## WHO IS THE COURSE FOR?

This programme is appropriate for people teaching in schools or at vocational level and those involved in supervising and instructing staff in a workplace situation. It encourages a broader range of people to consider teaching by providing a more flexible route to becoming a fully qualified teacher.

## LEARNING OUTCOMES

### Learning outcomes include:

- Understand a variety of different theories of development and learning.
- Understand and explain behavioral theories of learning. Explain the characteristics which influence the effectiveness of education, including aspects of both learning and teaching.
- Describe processes involved in memory loss and retention.
- Describe different methods of effective instruction to cater for individual needs.
- And more.

## TOPICS

This course is split into 4 modules with each module containing several different topics.

**Module 1:** The Backdrop Of Teaching

**Module 2:** The Act of Teaching

**Module 3:** The Effective Teacher

**Module 4:** Practice Teaching Manual
